& Simulation

From the morning commute to the weekend market, your logo belongs on a tote built for more than just show.

Meet the CD9910. It's not your average giveaway, it's a high-capacity, 11oz cotton powerhouse assembled in Canada.

Our black bags are arriving in June. Secure your custom order now to ensure your summer events are handled.

Functionality meets professional branding

Most totes are flat. Ours has a 6" deep gusset, making it the ultimate tool for employees who actually have gear to carry.

Perfect for: Employee Onboarding & Tech Kits.

Ethical, local, and reliable

Final assembly in Canada means quality control you can trust. Made with biodegradable canvas and reinforced 24" handles for a premium feel that lasts years, not weeks.

Perfect for: Sustainable Corporate Gifting.

High-impact visual design

With 11 handle shades and a massive 10" x 10" imprint area, we don't just slap on a logo, we build a custom accessory that complements your brand identity perfectly.

Perfect for: Brand Launches & Retail Merch.
